Frankincense - Boswellia Carterii

We offer the finest Boswellia Carteri resin product. Sourced from the finest Boswellia trees, our resin encapsulates the essence of serenity. Immerse yourself in the timeless allure of this sacred substance, carefully curated to bring you the purest experience. Elevate your senses and embrace the holistic journey with our Boswellia Carteri resin – where nature's tranquility meets your well-being. Royal Essences offers superior quality Boswellia Carterii resin.

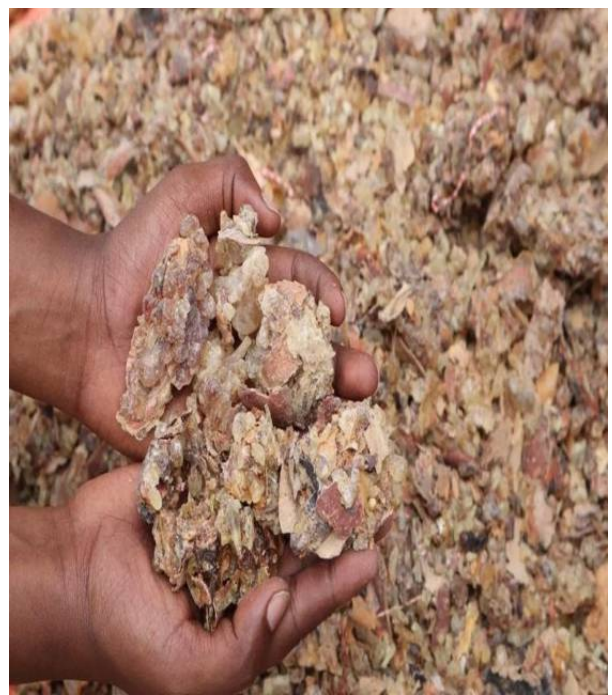

Our frankincense is tapped from scraggy but hardy trees by slashing the bark, in a process called striping, and allowing the exuded resin to bleed out and harden.

It is used for asthma, hay fever, sore throat, syphilis, painful menstruation, pimples, bruises, headache, diabetes, and cancer. Boswellia is also used as a stimulant, to increase urine flow, and for stimulating menstrual flow. Boswellia is applied to the skin to tone the skin and decrease wrinkles.

Total available market of Frankincense oil market is to be USD 302 million 2022
